

**To Whom It May Concern**

As you may know, on 15 July 2016, the democratically elected Government of Turkey was attempted to be overthrown by a fraction of the Turkish Armed Forces. The attempt was thwarted by th joint efforts of Turkish security forces staying loal to the elected government and the people of Turkey.

We would like to inform you that our daily lives and all fovernmental functions turned into normal after this regrettable attempt throughout the country. The Cabinet has declared a State of Emergency to shorten the normalization process and to stabilize the Turkish economy immediately. And, all necessary measures have been taken to restore a more business friendly economy in the upcoming period.

On the business side, all firms and factories are continuing their normal operations without any interruption. Customs procedures and all cammercial government services are operating normally without any delays.

It is our sincere belief that there will not be any instabilitiy in our country, and we will continue keeping our commitments to our business partners as before.

Prlease feel free to contact us, if you have any request
